Cazenovia College
Cazenovia, N.Y. 13035

*The History of
The H.H. Franklin
Manufacturing Company*

INDEX

Book 1

1892-1910

Entry #1 thru Entry #372

(missing entries #373 to 379)

Book 2

1911-1931

Entry #380 thru Entry #1051

(see President's Message in RCN #136, July, 1999, about the donation of Book 2)

The H.H. Franklin Club, Inc. Library

THE PRESIDENT'S MESSAGE

For the Franklin Club, the Internet is a treasure! You can search and find out about anything in the universe, including the Franklin Club at:

www.FranklinCar.org

Frank Hantak, our Webmaster, makes it possible for you to find out about all kinds of Club history, to contact officers, find out about our meets and get e-mail addresses for many members. It's cheaper than a phone call, when you're on line there's never a busy signal and you can print out the questions, answers and idle chatter.

It's also a great way to find people with interests that are similar to yours. With my Internet service provider, I can post a "profile" of my interests so that other people can find me with the click of a button. My Franklin e-mail address is: HHFCPres@aol.com In my profile I have information about the Franklin Company and Franklin Club.

On February 11th of this year, I received an interesting e-mail. The gentleman sending the message "had a long history of arms-length association with the H.H. Franklin Co. My father worked for the company that bought out The H.H. Franklin Co. after it went bankrupt ... In the acquisition he came across the number two book of the original board of directors meetings... Can you tell me if there is any value to the Board of Directors meeting book and if so what or how much (is it worth). I was thinking of donating it to the museum in Syracuse, for I don't think my children have any interest in it."

I immediately wrote back and I told him about my family history with Franklin automobiles and my long time affiliation with the Club. He and I corresponded several more times, and here is an excerpt from his e-mail dated February 24:

"Santa has a present(s) for you!... In this wondrous box is the "History" of the H.H. Franklin Car Co. (book two) starting with the year 1911... It appears to be a daily record of (Franklin Company) activity."

"Also in this wondrous box were... five (5) 'original' patents issued to H.H. Franklin. Herbert George

Continued on top of Page 5.

3

THE PRESIDENT'S MESSAGE *Continued from Page 3*

Underwood (assigned to H.H. Franklin) and A.J. Bosse."

"These patents were issued in the year 1894 by Canada (patent nos. 47442 & 47443). One patent was issued to H.H. Franklin on 08/06/1910 in France. It is complete with handwritten text (in French) and the notification ads.

"I suppose it is safe to assume that you would like the patents along with the history notebook.

"...if I send these items to you, ...it is going to cost you. The price would be a letter on either H.H. Franklin Motor Co letterhead or the Club's letterhead... I ask not for myself but would like to display the letter in a frame for ALL of my family to see."

The donation from "Santa" arrived in the mail and, lo and behold, the "board" book is actually the history of the H.H. Franklin Manufacturing Company, Book 2, from 1911 to 1931.

It's in a 5"x8" leather ring binder with each page individually typed. Listings in the book include a car accident in which Mr. Franklin and his chauffeur were injured in 1930, the dates when the commercial car and

truck divisions were discontinued, and when a smoke stack went up on one of the buildings. Each entry is in chronological order, individually numbered and most are specifically dated.

The 5 patents - one French, one German, two Canadian and one US - are for die casting methods at the Franklin Manufacturing Company. Each patent has it's original ribbon and wax seal. They are in beautiful condition.

If it wasn't for the Internet, these items might have been thrown in the trash as just a bunch of old papers. But because "Santa" took the time to find out if anyone had an interest in these items, they are now part of the Club archive. This is a valuable addition to our Franklin history. I immediately made "Santa" a member of the Franklin Club. His generous donation will be available, soon, in reprint through the Club Library.

The bonus in this package was a picture of "Santa" - and he is the REAL Santa! The beard, the suit - everything is perfect. So if you didn't believe in Santa before, you should now.

From ACN 136, July 1999
